The Tahoe Regional Planning Agency’s Governing Board does ordain as follows:

Section	Findings
1.00	
1.05	The Tahoe Regional Planning Compact (P. L. 96-551, 94 Stat. 3233, 1980) created the Tahoe Regional Planning Agency (TRPA) and empowered it to set forth environmental threshold carrying capacities (“threshold standards”) for the Tahoe Region.
1.10	The Compact directs TRPA to adopt and enforce a Regional Plan that, as implemented through agency ordinances, rules and regulations, will achieve and maintain such threshold standards while providing opportunities for orderly growth and development consistent with such thresholds.
1.15	The Compact further requires that the Regional Plan attain and maintain federal, state, or local air and water quality standards, whichever are strictest, in the respective portions of the region for which the standards are applicable.
1.20	Compact Art. V(c) states that the TRPA Governing Board and Advisory Planning Commission shall continuously review and maintain the Regional Plan.
1.30	It is necessary and desirable to amend TRPA Ordinance 87-9, as previously amended, as it relates to the Regional Plan of TRPA by amending the Regional Plan pursuant to Article VI(a) and other applicable provisions of the Tahoe Regional Planning Compact in order to accelerate attainment and ensure maintenance of the threshold standards.
1.35	TRPA has made the necessary findings required by Article V of the Compact, Chapter 4 of the Code, and all other applicable rules and regulations, and incorporates these findings fully herein.
1.45	The Advisory Planning Commission (APC) and Regional Plan Implementation Committee (RPIC) conducted a public hearing on the amendments and issued a recommendation regarding the adoption of these amendments. The Governing Board has also conducted a noticed public hearing on the amendments. At the hearings, oral testimony and documentary evidence were received and considered.

1.50 The Governing Board finds that the amendments adopted here will continue to implement the Regional Plan, as amended, in a manner that will achieve and maintain the adopted environmental threshold carrying capacities as required by Article V(c) of the Compact.

1.55 Each of the foregoing findings is supported by substantial evidence in the record.
