TAHOE REGIONAL PLANNING AGENCY

TRPA
PO Box 5310
128 Market Street
Stateline, NV 89449

STAFF REPORT

Date: May 20, 2026

To: TRPA Governing Board

From: TRPA Staff

Subject: Briefing on the Implementation of Regional Transportation Projects and Programs

---

Summary and Staff Recommendation:
Tahoe Regional Planning Agency (TRPA) transportation staff will provide a briefing on local and regional efforts to implement the Regional Transportation Plan. The briefing will include a description of various transportation projects and programs underway to advance regional transportation goals and "Keep Tahoe Moving." This is an informational item; no staff recommendation is included.

Required Motions:
There are no motions because this is an informational item.

Background:
Connections 2050: Regional Transportation Plan was adopted by the TRPA Governing Board in July of 2025 and reaffirmed a transportation vision that focuses investment in the "four T's": Transit, Trail, Technology, and Towns. TRPA and partners continue a strong implementation program for transportation investments that are improving access and travel options to recreation, jobs, housing, and services. This implementation program is supported through coordination with the Lake Tahoe Environmental Improvement Program (EIP) and strengthened by partnerships across the region. Transportation implementation requires significant coordination because transportation networks and travel patterns do not stop at jurisdictional boundaries. TRPA staff will provide a virtual "Around the Lake" tour of sample transportation projects and programs (Attachment A) underway to illustrate the coordinated implementation of *Connections 2050: Regional Transportation Plan*.

Contact Information:
For questions regarding this agenda item, please contact Nick Haven, MPO Director, at (775) 589-5256 or nhaven@trpa.gov.

To submit a written public comment, email publiccomment@trpa.gov with the appropriate agenda item in the subject line.
