### **Budget & Facilities Update**

TRPA has spent the last four months working with the Nevada Governor's Finance Office and Legislative Counsel Bureau to move the agency's budget requests forward. All budget requests to Nevada were funded, and the Governor has signed the budget bills. In California, TRPA's budget allocation remains intact despite significant financial challenges for the state. At this time, the legislature has not voted on a final budget.

The Agency's Information Technology systems were recently upgraded with a new uninterruptible power supply to keep the servers operating for a couple of hours in the event of a power outage. This will protect the systems from power outages and surges.
