Individuals or groups who commented on items listed on the agenda during the prior comment period may be restricted from commenting again on the same item. The Governing Board may deliberate or take action only if a matter has been listed on an agenda properly posted prior to the meeting. Responses from Governing Board members to unlisted public comment topics could

become deliberation on a matter without notice to the public. To avoid this situation and to ensure the public has notice of all matters the Governing Board will consider, Board members may choose not to respond to public comments, except to correct factual inaccuracies, ask for staff clarification, or to ask that a matter be listed on a future agenda.
