All comments received by LTBMU, TRPA, and Lahontan RWQCB during the 60-day public comment period will be shared with each lead agency and responded to in the Final EIS/EIS/EIR. Pursuant to 36 CFR 218.25, comments on the Meeks Bay Restoration Project EIS/EIS/EIR will be accepted for 60 days beginning on the first day after the date of publication of the Notice of Availability of this document in the Federal Register.

The Notice of Availability for the Meeks Bay Restoration Project Draft EIS/EIS/EIR is scheduled to be published in the Federal Register on June 13, 2022. If the comment period ends on a Saturday, Sunday, or federal holiday, comments will be accepted until the end of the next federal working day. The publication date of the Notice of Availability in the Federal Register is the exclusive means for calculating the comment period for this proposal. You should not rely upon dates or timeframe information provided by any other source.

Only individuals or entities (as defined by 36 CFR 218.2) who submit timely and specific written comments about this proposed project during this or another public comment period established by the Responsible Official will be eligible to file an objection. Comments should be within the scope of the proposed action, have a direct relationship to the proposed action, and must include supporting reasons for the Responsible Official to consider (36 CFR 218.2). Other eligibility requirements are defined by 36 CFR 218.25(a)(3) and include name, postal address, title of the project and signature or other verification of identity upon request and the identity of the individual or entity who authored the comments. Individual members of an entity must submit their own individual comments in order to have eligibility to object as an individual. A timely submission will be determined as outlined in 36 CFR 218.25(a)(4). It is the responsibility of the sender to ensure timely receipt of any comments submitted.

Information received in response to this solicitation, including names, addresses, email addresses, and phone numbers of those who comment, will be considered part of the public record and will be available for public inspection. Comments submitted anonymously will be accepted and considered; however, the agency will not be able to provide subsequent documents to people who submit comments anonymously, and they will not have standing to file an objection. It is the responsibility of the sender to ensure timely receipt of any comments submitted.

For more information on the project, please contact:
