

Delivered January 25, 2022

Petition title: Tell Authorities: No Herbicides In Lake Tahoe!

Petition language

Please deny the permit to use herbicides in any waters connected to Lake Tahoe until all non-chemical methods have been thoroughly tested.

Laminar flow aeration, UV light, mats and restoring the lagoons back to natural wetlands are all non-chemical methods that have not been fully tested. By the Lahontan Water Board's own Basin Plan, you are required to exhaust these methods before considering any chemical treatment.

In addition, the EPA classifies Lake Tahoe as a Tier III Outstanding Natural Resource Waterway that cannot be degraded.

State Water Board regulations require you to maintain the "the highest water quality consistent with the maximum benefit to the people of the State." Yet allowing herbicides will benefit mainly boat owners at the Keys, a microscopic subset of the people of California, without eradicating the weeds.

Climate Change and the Caldor Fire have signaled a crisis for Lake Tahoe. We need to restore its natural systems to allow ecosystem functions to heal the Lake. Pouring chemicals into Lake Tahoe will only place a toxic Band-Aid on the gaping wound of the unnatural, stagnant, increasingly warmer lagoons and nutrient loading of the Tahoe Keys, without addressing the underlying cause.

Please deny the permit to use herbicides. Thank you.

Steven Smith	Truckee	CA	Please do not allow poisons into this prisine body of water. It is a very bad precedent!!!!
Hillary Bittman	South Lake Tahoe	CA	We are the stewards of a precious treasure, one that brings such pleasure to those of us who live here and all who visit. While past mistakes were made leading to our current problem, we know more in this day and age and don't have to compound the proble...
Liam Nolan	-	-	Why risk it before exhausting all other options? Think before you act

Debbie Beane	South Lake Tahoe	CA	It's INSANE to think that adding chemicals to Lake Tahoe will be successful and won't have negative outcomes. PLEASE. Don't do this.
Gordon Seligson	South Lake Tahoe	CA	-
Michelle Burns	las vegas	NV	Tahoe is my hometown and I lived there for 40 years. It is so precious to my family and I.
Donna Fung	Incline Village	-	I live six blocks from Lake Tahoe and my family drinks the water. Please don't poison our drinking water.
Cynthia Flores	Tahoe Vista	-	This lake has been my home for over 40 years and is the most pristine place in the country. Poor environmental stewardship has brought us to this precipice. Do not compound those errors by introducing herbicides into our beloved lake.
Karen Lafarge-Unrein	TRUCKEE	CA	Tahoe keys is and always will be an environmental disaster. Uncontrolled growth , allowing lawns, moored boats, and dog excrement in Tahoe keys was eventually going to lead to this disaster .
Karen Lafarge-Unrein	TRUCKEE	CA	Tahoe keys is and always will be an environmental disaster. Uncontrolled growth , allowing lawns, moored boats, and dog excrement in Tahoe keys was eventually going to lead to this disaster .
Heather Gaburo	South Lake Tahoe	CA	-
Jacquie Chandler	Incline Village	NV	Our best thinking:

Tara Roth	Santa Fe	-	All non-toxic options should be exhausted before adding chemicals to a pristine mountain lake that is visited for recreation by thousands of people yearly.
Shelagh McElroy	dallas	-	Please consider environmental impact. Others means are available.
Roland Denzel	Longmont	CO	I've lived near a lake where herbicides were tried, over and over, for years without ever actually addressing the problems causing the weeds. Fish die offs were the result! Every year.
Kathie Sever	Austin	TX	No herbicides in the lagoons!
Katy Bowman	Sequim	WA	-
Gretchen Corbin	Truckee	CA	For my own personal health, I'm a proponent of going after the source of problems and not just treating the symptoms.
Mark Spohr	Tahoe City	CA	None of the proposed solutions will fix the problem. They are just treating symptoms. The root problem is that the wetlands were destroyed.
Petra Fisher	Carlsbad	-	People swim, kayak and SUP in this lake. There are other ways to remove these weeds that won't poison the water. Don't make a bad situation worse!
Tonia Villanueva	South Lake Tahoe	CA	-
Andrea Balfour	New Braunfels	TX	-
Laura Houston	Seattle	WA	I have visited Lake Tahoe, and have many friends who would personally be affected by the decision to use herbicides to rid of the invasive weeds.

Kim Magary	-	NV	-
Ashley Mattila	South Lake Tahoe	-	Please no herbicides in Lake Tahoe.
kia armstrong	-	-	I have personal experience with how herbicides damaged the aquatic ecosystem on my former property. I strongly urge you to avoid using conventional herbicides to control aquatic weed in Lake Tahoe.
Michael Beane	South Lake Tahoe	CA	All mechanical option to control the invasive weed problem have not been exhausted per the EPA's requirement.
Matt Schrap	Incline Village	NV	-
Alex Beltramo	Menlo Park	CA	Once we start relying on chemicals, we might never be able to stop, and the "cure" may be worse than the disease. Let's show the will and wisdom to fight the weeds naturally.
Ian Magary	Gardnerville	NV	I am horrified that herbicides and toxic chemicals are being considered for weed control before exhausting all non-chemical options and there are promising ones out there! Shut the Keys off from the Lake if nothing else...! I spent my entire childhood gr...
Michael Curran	Sequim	WA	The stakes are too high, should this go wrong.
Carol Beahan	South Lake Tahoe	CA	Given there are several other treatment options including UV light, that haven't been fully tested or at least the results made public, I agree that herbicides should be held off until more data on the other options is made available and reviewed. Lake T...
Kristina Penn	South Lake Tahoe	-	-

Michael Kaffel	Port Angeles	-	-	
Marcus Mattila	South LAKE TAHOE	CA		I feel that we should not use Herbicides in Lake Tahoe. I think there should be more weed removal to keep them at bay. That with other steps hopefully will get the results we want here in Tahoe. I personally use a boat here and strongly agree not to ...
Carla Harless	-	TX		Too many unintended consequences have resulted from the usage of herbicides...find a better way to control the weeds!
Bronte Cooper	-	-	-	
April Herrera	South Lake Tahoe	CA	-	
Beth Thomas	TRUCKEE	CA		No herbicides in the lake!!!!
Loki Crouch	South Lake Tahoe	-	-	
Alex Beane	South Lake Tahoe	CA	-	
Lynn Villanueva	-	-	-	
Lachlan Bray	South Lake Tahoe	-	-	
Kim Hewitt	South Lake Tahoe	CA	-	
Camille Jacobsen	South Lake Tahoe	-		I was born and raised here amd the lake is a magical place and we absolutely are responsible for taking care of it . We are capable of destroying it like the rest of ou earth.
DaniElla Kauffmann	South Lake Tahoe	CA		the purity and clarity of Lake Tahoe is one of the reasons we enjoy living here. The lake is already in a compromised position on both of these issues (toxic harmful algae blooms, green algae carpeting the bottom, etc.). Adding more chemicals to our alr...

Deanna Tavares	South Lake Tahoe	CA	-
Jeremy Neuner	South Lake Tahoe	CA	About a year ago, we bought a property in South Lake Tahoe with the intent of making it a long-term, multi-generational way to enjoy all that the Tahoe Basin has to offer. We continue to be impressed with all the work that local agencies (especially TRPA...
Ernesto Halim	-	-	-
lois yuzbick	South lake Tahoe	CA	-
Doug Brown	Incline Village	NV	I have loved Tahoe for the last 70+ years and now own a home in iIncline Village.
Becky Foust	South Lake Tahoe	CA	We only have one world & Lake Tahoe is one of the most beautiful parts of it. That is not just a local's opinion. Quit thinking of doing things that would destroy it!!
Joshua Dubansky	Truckee	-	-
Deborah Sheinman	Colorado Springs	CO	Please prevent any pollution of this gem of the Sierra Nevada. Do not allow herbicides to run off into Lake Tahoe.
David Balan	Colorado Springs	CO	-
Sara Bank	Oakland	CA	-
Jeff and Karen Miner	Soth LAKE TAHOE	CA	Are you willing to seal off the entrance of Tahoe Keys to the lake before you put in herbicides? How will that go over with the home owners? Unless you fight and win that battle you cannot guarantee that the herbicides will not enter Lake Tahoe. Also,...

Garrett Villanueva	South Lake Tahoe	CA	All other methods to control invasive species in Lake Tahoe have not been exhausted. Use of herbicides will put chemicals into the pristine waters of which are also a drinking water and will make it beyond the Keys and into the lake. Furthermore, this c...
Susan Reynolds	Zephyr Cove	NV	-
Karen Littlefield	Centennial	CO	We have friends & family who use Lake Tahoe regularly, and we are dismayed that you would consider using herbicides in this irreplaceable ecosystem. Please consider nontoxic alternatives!
Barbara Lebeck	Pacific Grove	CA	My daughter and family live there and are very opposed to chemicals being added to the Tahoe water.
Meri Morgan	South Lake Tahoe	CA	-
Lisa Foley	Zephyr cove	NV	I feel the Keys boat or home owners interests certainly do not override the rest of the people.
Virginia Leslie	Milpitas	CA	-
Katerina Eliades	Las Vegas	NV	-
Jeffrey Jessup	Reno	NV	-
Rachel Hart	Reno	NV	Lake Tahoe is a natural wonder. Please protect it naturally with non-chemical means before resorting to herbicide application.
Coral Paris	Reno	NV	Pesticides and herbicides always end up killing more than intended upsetting the natural balance of nature and wiping out entire species!

Kathy Emerson	Reno	NV	Please protect Lake Tahoe, the environment, and ultimately us.
Sharon Teagarden	Boulder City	NV	Man has been destroying the environment for years without ever thinking of the consequences. We cannot go on using pesticides and herbicides any longer. I lost my husband to NHL cancer from Round-Up, so I know firsthand what it does to the human body. ...
Randi Emlen-Moore	Incline Village	NV	My family has lived in the Lake Tahoe area for 100 years. My grandfather worked for Mrs. Wright who built Vikingsholm. I have witnessed the phenomenal beauty and heart breaking degradation of the lake. It's time to put the lake first and make the hard de...
