

STAFF REPORT

Date: February 21, 2024

To: TRPA Governing Board, Transportation Planning Committee

From: TRPA Staff

Subject: Transportation Committee Strategy Session

Summary:

Staff will provide background on TRPA's transportation program and will facilitate a strategy session, seeking input and direction on focus areas for the committee.

Project Description/Background:

The TRPA Governing Board Transportation Committee was created at the November 15, 2023 Governing Board meeting. The following month, December 2023, TRPA staff provided a brief overview of TRPA's transportation planning activities to help orient the committee on the roles and responsibilities of TRPA in the transportation arena and upcoming topics coming to the committee. At the meeting, Committee Chair, Alexis Hill, asked that the committee identify goals for the next year.

Next Steps:

At the February meeting, staff will provide an orientation on the transportation program including TRPA's role in transportation planning and policy as well TRPA's coordination role in funding and implementation. The committee will review proposed short, medium, and long-term priorities the committee could potentially focus on to advance transportation priorities. The committee will also review future programs and plans that will be requiring committee feedback and support.
