

ACKNOWLEDGEMENTS

The report is the product of a collaborative effort that included individuals representing land management agencies, research institutions, regulatory agencies, and private consultants. The Tahoe Regional Planning Agency (TRPA) would like to express sincere gratitude to the numerous individuals who assisted with the production of the 2015 Threshold Evaluation Report through participation, formally or informally, as authors, technical advisors, reviewers and contributors of information. In addition, the evaluation was independently peer-reviewed—constructive input received through this review improved the quality of the report substantially. The contribution of many made the production of this report possible. TRPA would like to thank the following.
