

VERIFICATION & BANKING INFORMATION & APPLICATION FORM

TRPA allows land coverage and development rights to be verified and banked for future use on-site or for transfer to another parcel. This packet explains application requirements for both the verification and banking processes.

I. PROCESS FOR SUBMITTAL OF VERIFICATION & BANKING APPLICATIONS

- Step 1:** **Look up existing parcel information.** Visit the [parcel tracker](#) to see if any records are available relating to land coverage, land capability, or development rights.
- Step 2:** **Check the property's title report to see if there are any bonds, assessments, back taxes, fees, or liens associated with the property.** The applicant must receive authorization to convert development rights from all interested parties (e.g. parties or entities to whom the bond, assessment, back taxes, fees, or liens are owed).
- Step 3:** **Determine whether your application can be submitted to your local building department or TRPA.** [Where should I go to apply for verification and banking?](#)
- Step 4:** **Prepare a site plan and floor plans (if applicable).** The application contains a checklist with all elements that must be included on the site plan and floor plans.
- Step 5:** **Gather all evidence that the land coverage and/or development rights are legally existing.** Such evidence may include: original appraisal/assessor records from the County Assessor's Office, County/City permit records, utility records, tax records, dated photos or aerial photography. Provide ALL available evidence.
- Step 6:** **Complete the verification and banking application in this packet and gather all required checklist items.**
- Step 7:** **Submit a [Land Capability Verification](#) application for concurrent review, if land capability has not been previously verified.**
- Step 8:** **Determine your [application fees](#).**
- Step 9:** **Submit your application(s) and required checklist items to TRPA.**
- Step 10:** **Work with a Planner.** Once your application is received it will be assigned to a planner for field verification and further review.
- Step 11:** **Receive your results or permit.** Upon completion of review, verification results will be sent in the mail. For banking applications, a conditional permit will be issued with a requirement for removal and/or restoration of the land coverage or development rights. A final inspection will be required prior to the land coverage or development rights being officially banked. *Note: any development rights (TAU's, RUU's, or CFA) banked on low land capability lands may not be redeveloped onsite and will be deed restricted pursuant to chapter 51.3 of the TRPA Code of Ordinances.

II. DEFINITIONS AND INFORMATION

DEFINITIONS RELATED TO COVERAGE AND DEVELOPMENT RIGHTS

Land Coverage: A man-made structure, improvement, or covering, either created before February 10th, 1972 or created thereafter with a permit, that prevents normal precipitation from directly reaching the surface of the land. Such structures, improvements or coverings could include roofs, decks, paved surfaces, walkways, driveways, parking lots, tennis courts and patios. Land coverage can also include compacted soil used for walking or driving on.

Hard Coverage: Man-made structures, improvements or coverings

Soft Coverage: Compacted areas without structures

Commercial Floor Area: The gross square footage of floor area within the outer wall of a commercial building, not including stairwells and airshafts. It may also include the square footage of other facilities relating to such building, including but not limited to decks that are designated for commercial use under a permit. A type of Development Right.

Tourist Accommodation Unit: A unit, with one or more bedrooms and with or without cooking facilities, primarily designed to be rented by the day or week and occupied on a temporary basis. A type of Development Right.

Residential Unit of Use: Existing residential unit constructed prior to TRPA or thereafter with a TRPA permit. Must contain cooking facilities, bathing and toilet facilities, and living and sleeping areas. May be associated with a single-family house containing one residential unit or a multi-residential development containing more than one unit per parcel. Other uses that contain residential units of use are listed in Chapter 21 of the TRPA Code or Ordinances. A type of Development Right.

Potential Residential Units of Use: Attached to certain parcels in the basin, it's the ability to develop a vacant lot for a new residential dwelling. A potential residential unit of use together with a residential allocation becomes an existing residential unit of use upon construction. (Previously known as Residential Development Rights)

Verified/Legally Existing: Legally present or approved on the effective date of the Regional Plan or subsequently legally constructed, commenced, or approved pursuant to necessary permits.

Banked: Verified legally existing land coverage or development rights that have been physically removed but remain associated with a parcel. These banked rights may be used onsite (if eligible) or transferred to another parcel for use at a later time.

Derelict: An abandoned structure or other development. Evidence of abandonment includes lack of maintenance, access, utility connections, habitability, or ability to function in the applicable use category.

Excess Land Coverage: Verified coverage that exceeds the base allowable.

Potential Land Coverage: The land coverage that is allowed as base coverage but does not physically exist. Potential land coverage is a percentage prescribed by either the Bailey or IPES score. Potential coverage does not have to be verified or banked prior to transfer.
