

WHERE SHOULD I GO TO OBTAIN A PERMIT?

The Tahoe Regional Planning Agency (TRPA) has permit delegation agreements, or Memorandums of Understanding (MOUs), with the City of South Lake Tahoe, El Dorado County, and Placer County. These MOUs allow local planning and building departments to review and issue permits on behalf of TRPA.

Use this table to determine whether your permit can be issued by your local jurisdiction, as noted by a check mark (✓) below. If your local jurisdiction does not issue the type of permit you are seeking, you must submit an application directly to TRPA. If you do not see your project below, please contact TRPA or your local planning or building department.

DISCLAIMERS:

In addition, banking of coverage and development rights (not associated with a project), transfers of development rights, and conversions of development rights are processed by TRPA.
- (4) A TRPA deed restriction is required.
- (5) Lot Line Adjustments require review and approval by both TRPA and the applicable local jurisdiction.
