

# There are many ways to get around Lake Tahoe in winter.

## WALK/BIKE

Enjoy the cool air and snowy scenery. With 25 miles of plowed paths and sidewalks, winter is a great time to walk or bike to your destination while exploring the winter wonderland.

## TRANSIT/SHUTTLE

Why bother chaining up and sitting in traffic? Lake Tahoe's transit systems operate year round. Several ski resorts offer free shuttles. Ask your concierge or visit your favorite ski resort website for shuttle times and service information.

## WINTER DRIVING TIPS

Always drive safely and carpool. Tahoe roads are curvy and sometimes icy. Carry chains and a shovel, check roadway and avalanche conditions, and drive slowly.

Looking for helpful tips and resources for how to get around and the latest travel options? Visit [linkingtahoe.com](http://linkingtahoe.com).
