Lend a hand to weed out invasive milfoil

The League to Save Lake Tahoe invites volunteers to join us in our final milfoil removal project of the season at Baldwin Beach on September 16. Volunteers are needed from 10 a.m. to 1 p.m. to help remove barriers and sand bags used to control the invasive water weed. The control effort is a joint project of the League, the US Forest Service, and the Tahoe Regional Planning Agency.

Volunteers can pre-register by contacting Flavia Sordelet at the League office at 530-541-5388 or by email at events@keeptahoeblue.org
